CRAFT KIT

# Penguin Pal

## Instructions:

Have fun making your very own penguin pal to play with this cold winter. Here's an idea, set him around the house for playing hide go seek.

Use the black oval for the body, one white heart for the tummy, and three orange hearts. Two will be for the penguin's feet and one for the beak (make that heart point downward).

Glue the hearts onto the penguin's body.

Then add the googly eyes to finish off your cute penguin pal
