

TAKE & MAKE

CRAFT KIT

Paper Bag Puppy Puppet

Supplies:

- Crayons/Markers
- Glue

Directions:

Glue your puppy's ears on the top corners of the bottom flap (the "face" part) of your paper bag.

Glue on your googly puppy eyes.

Draw a cute puppy nose.

Draw a line coming down from the nose, and a smile! Make sure to connect the smile beyond the flap edge, down onto the body of the puppy.

Lift the flap on the bag, and glue the tongue down so the top goes just over the top line of the smile. This way, you won't see the top of the tongue when the flap is down.

Add spots, a collar, sweater, or anything else you'd like on your puppy.

Give your puppy cuddles and pets!
