

# TAKE & MAKE

## CRAFT KIT

# Rain Sticks

## Supplies:

- Crayons/markers
- Tape (optional)

## Directions:

- 1 Decorate your rain stick tube using crayons or markers, and the enclosed stickers.
- 2 Crunch the aluminum foil into four long snake-like shapes.
- 3 Twist each aluminum foil snake into a spring shape.
- 4 Put the aluminum foil springs into your tube.
- 5 Pour the enclosed bag of dry beans, rice, and popcorn kernels into your tube.
- 6 Make sure both ends of your tube are securely closed with the enclosed plastic caps. Use tape for added seal if desired.
- 7 Listen to the rain!
