

The right solution for your pond and lake.

**Maintenance Proposal**

Service contract will begin May 1 and end October 1. Services will include monitoring of the waters to determine water temperature, weed species present and stage of weed development. The appropriate herbicide and time of application is then determined and the treatment is made. Removal of dead vegetation is not included in services. Throughout the remainder of the season, the waters will be inspected and treated monthly. A written report will be submitted summarizing each inspection. All water restrictions will be posted at obvious points on the waters. If a problem arises between our inspections, your concern will be responded to immediately. This maintenance program will include control of the following vegetation and options:

- Submerged plants    Algae    Emerged plants (cattails, phragmites)    Free floating plants (duckweed, water meal)
- Pond dye (blue/black)    Floating Leaf plants (water lilies, Illinois pondweed)

Emergent Plant Control For The 2022 Season:.....\$ 625.00 One (1) Pond

**\*Please check box of services you wish to include.**

**Rollins Aquatic Solutions Service Guarantee:** We are committed to providing the highest quality and most environmentally sound services. All concerns with the performance of the program will be responded to immediately. All herbicides and algacides used are registered with the State of Illinois and the Federal EPA. All employees are licensed by the Illinois Department of Agriculture.
