

# TAKE — and — MAKE

# MINI ROCK CACTUS

## Materials:

Small rock, preferably flat

Green acrylic paint

White acrylic paint

Decorating paint in various colors

Mini clay pot (approx 2.5 inches)

Sandstone

Paintbrushes

Pom-poms

Glue

## Directions:

1. Using the green paint, completely paint the rock. Allow to dry, then use the white paint to create the needles.
2. Using the other paint colors, decorate the clay pot however you wish.
3. Glue the pom-pom of your choice onto the top of the rock to create the cactus flower.
4. Pour the sandstone into the clay pot until it is almost full. Press the rock into the sandstone until it is deep enough to stand without falling over.
