

Teen TAKE & MAKE CRAFT KIT

Pipe Cleaner Creations: Chameleon

Supplies Needed:

3 Green and 1 Red Pipe Cleaners
Googly Eyes
Glue

Directions:

First, loop a green pipe cleaner in half. Remember that the circle part will be the chameleon's head.

Next, loop one of the halves of the pipe cleaner around the head until it is covered. Coil a second pipe cleaner around a pencil, coiling more loosely in the middle if possible.

Attach the pipe cleaners together and curl the tail. Cut 2 pieces for the legs, bending over the ends for the feet.

Attach the legs. Glue on the googly eyes. Add a long red tongue.

Hide these chameleons around the house for fun. Take pictures of your chameleons in weird places.

**Take photos of your finished projects and post them on social media!
Remember to tag the library in them! #OrlandParkLibrary**
