

TAKE — and — MAKE

GLASS BEAD SUNCATCHER

Materials:

Glass beads

Clear glue

Fishing line

Suction cup (WITH HOOK)

Plastic cover

Needle

Scissors

Directions:

1. Cover the bottom of the plastic lid with clear glue in a thin layer.
2. Press the glass beads into the glue, flat side down, until the lid is filled.
3. Allow to dry for 4-5 days. Once dry, peel from the lid.
4. Poke a hole near the top and string the fishing wire through it. Tie onto the hook of the suction cup.

Enjoy!
