

# TAKE — and — MAKE

# BEADED SNOWFLAKE

## Materials:

Beads (colors may vary)

Wire snowflake

Fishing wire

Pliers

## Directions:

1. String the beads onto the wire snowflake, alternating colors as desired and leaving space on the end
2. Using pliers or other clamp, twist the end of each section of the wire until it is curved and the beads cannot slide off
3. Tie the fishing wire to the top of the snowflake

Enjoy!
