ICE CREAM ORNAMENT

Materials:

Terracotta pot

Ball ornament

Brown & white acrylic paint

Brown marker

Directions:

1. Paint the ornament with either brown or white paint for the ice cream. Allow to dry. Using the other color, paint the topping of the ice cream. Allow to dry.
2. Using the same color you used for the ice cream, paint the rim of the pot. Allow to dry. Use the brown marker to make the cone by writing crossed lines on the pot.
3. Glue the ornament to the pot. Glue the cherry topping to the top of the ornament.
